dermalogica

mask your way to healthy skin

Find out which masque your skin needs right now!

Your skin's needs are constantly changing - which means that your "go-to" masque may change from time to time. Use this guide from the skin health experts at Dermalogica to figure out which masque your skin needs right now.

the best masque for dull, dehydrated skin

Smooth and renew dull, dehydrated skin in 5 minutes with Hydro Masque Exfoliant. It gently exfoliates as it hydrates – leaving you with luminous, healthy-looking skin.

- Exfoliates + hydrates in one step
- Gently exfoliates with Bamboo
- Boosts hydration with Snow Mushroom

the best masque for aging skin

Rescue stressed, aging skin: MultiVitamin Power Recovery **Masque** is an ultra-replenishing remedy for dulling, dry, dehydrated, lackluster and photodamaged skin.

- Antioxidant vitamins C and E help shield against oxidative stress
- Moisturizes and softens
- Soothes and calms stressed, damaged skin

the best masque for breakout-prone skin

Clear breakouts and minimize premature signs of aging: Sebum Clearing Masque pairs oil-absorbing clays with congestion-clearing Salicylic Acid to help soothe and clear breakouts.

- Absorbs excess oil and refines skin texture
- Helps purify and manage the four main factors that contribute to breakouts
- Imparts a soothing cooling sensation

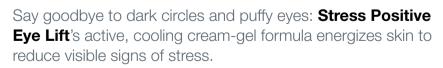

the best masque for dry skin

Refresh and moisturize dry, stressed skin with **Skin Hydrating Masque**. Cross-linked Hyaluronic Acid traps moisture, delivering time-released hydration for smooth skin.

- Helps restore suppleness while minimizing fine lines
- Provides increased hydration and improved resilience
- Provides in-depth moisturization

the best eye masque

- Firms skin to help generate a lifting effect
- Visibly de-puffs the under-eye area
- Brightens the appearance of dark under-eye circles
