

what's your retinol match?

Find out which retinol product is best for you!

So you know you want to add Retinol to your skin care regimen, but you're not sure where to start? Whether you're new to Retinol or a seasoned pro, Dermalogica has the right option for your skin!

best retinol cream for wrinkles

Overnight Retinol Repair is concentrated yet customizable – so it's ideal for new Retinol users. It is a Retinol treatment cream filled with Peptides, Vitamin C and a Copper amino acid complex.

- Helps reverse signs of photoaging
- Accelerates skin renewal
- Firms to reduce the appearance of fine lines

best retinol product for uneven skin tone

Overnight Retinol Repair 1% is ideal for more advanced Retinol users and is only available in-store. Its active 1% microencapsulated pure Retinol formula helps accelerate skin renewal and includes a powerful bioactive peptide and antioxidant Vitamin C.

- Helps reduce the appearance of wrinkles, uneven skin tone and discoloration
- Delivers powerful results for the more advanced Retinol user
- Microencapsulation technology helps preserve Retinol potency

best retinol oil for adult acne

Retinol Clearing Oil is a high-performance night oil that combines Retinol and Salicylic Acid into one skin-soothing formula.

- Delivers clearer, more vibrant skin while you sleep
- Renews skin overnight
- Reduces visible signs of breakouts and skin aging

best retinol eye cream for crow's feet

Age Reversal Eye Complex is an advanced, microencapsulated Retinol that helps smooth away the signs of skin aging around the eyes. It's also formulated specifically for the delicate eye area, which is the thinnest skin on your face (read: too sensitive for most Retinol products).

- Retinol Microspheres target the signs of skin aging
- Reverses multiple signs of skin aging around the delicate eye area
- Delivers potent age-fighting actives deep into the skin

best retinol mask to help with lackluster, dry skin

MultiVitamin Power Recovery Masque is an ultra-replenishing masque that helps rescue stressed, aging skin. This masque is a go-to when skin needs an extra nutrient boost. Filled with powerful, concentrated vitamins A, C and E, and Linoleic Acid, it helps restore skin while enhancing barrier properties.

- A great restorative masque for skin exposed to stress
- Repairs daily damage triggered by free radicals
- Remedy for photodamaged skin and skin aging

best retinol exfoliant for dull skin

MultiVitamin Therafoliant is perfect for new Retinol users because it contains Retinyl Palmitate. It is a powerful skin polisher that combines physical and chemical exfoliants to refine skin texture. Resurfacing microgranules gently polish off dulling skin cells to reveal smoother, fresher skin immediately.

- Polishes away dulling skin to reveal smoother, fresher skin
- Thermal technology drives benefits further into skin
- Brightens skin tone and defends against free radicals

best retinol eye cream for fine lines

MultiVitamin Power Firm is perfect for new Retinol users. It has a powerful eye firming complex formulated with skin-rebuilding antioxidant vitamins and Red Seaweed Extract to combat visible lines around the eyes.

- Increases skin resilience and firmness
- Protects against moisture loss to help minimize fine dryness lines
- Shields against free radicals to help prevent environmental stress

best retinol serum for dark spots

MultiVitamin Power Serum is a treatment serum with microencapsulated vitamins A, C and E. It's a great everyday choice for new Retinol users looking to fade dark spots. Protein peptides support skin resilience and help minimize the appearance of sun-induced aging.

- Features microencapsulated vitamin technology for increased defense against skin aging
- Helps reduce fine lines and wrinkles
- Provides antioxidant protection and helps control pigmentation
