

calm water gel

description

Hydrate, soothe and calm

This weightless water-gel moisturizer hydrates dry, sensitive skin. The refreshing gel formula transforms into a skin-quenching fluid upon application, forming a weightless barrier against environmental assault.

Calm Water Gel is part of the UltraCalming Duo. These formulas work synergistically to relieve, restore and hydrate sensitive skin against redness, discomfort and dehydration.

key benefits

- Provides immediate hydration to dry, irritated skin.
- Softens, soothes and calms.
- Defends skin against dryness.

key ingredients

- **Dual Hyaluronic Acid technology-** works in different skin surface layers to increase and lock in moisture.
- **Apple Fruit Extract and Glycerin-** hydrate and soften skin while defending against dryness.
- **Cactus Pear Extract-** helps soothe sensitivity and imparts water-binding properties to help support healthy moisture balance.

how to use it

Squeeze a small amount into palm and rub hands together to activate. Pat gently onto face and neck. Use twice a day for continuous relief.
