

# liquid peel

## description

An AHA | BHA exfoliating peel that combats breakouts and resurfaces skin for a smoother, brighter, more even skin tone.

## key benefits

- **Combats active breakouts** and minimizes future breakouts
- **Brightens** skin and helps even skin tone
- **Resurfaces** to smooth skin texture

## key ingredients

- **Salicylic Acid**, an oil-soluble Beta Hydroxy Acid, stimulates natural exfoliation, helping to clear impacted follicles and minimize breakout formation.
- **Lactic Acid**, an Alpha Hydroxy Acid, smooths and retexturizes skin.
- **Mandelic Acid**, an Alpha Hydroxy Acid, helps to brighten skin and minimize hyperpigmentation.
- **Azelaic Acid** helps unclog pores and even skin tone.

## how to use it

1-2 times per week in the evening, after cleansing, apply a generous amount all over face and neck. Slight tingling is normal. Leave on for 7-10 minutes and rinse with cool water. For daytime use, follow with a moisturizer and SPF.

## what goes best with it

Foaming Wash  
Post-Breakout Fix  
Matte Defense SPF 30

## product size

30 mL: 40 uses

## item code:

111464  
666151113282

## product dimensions (including carton) – w x d x h:

41.275 x 41.275 x 117.17 mm

# frequently asked questions

## **How does Liquid Peel fit into my client's existing regimen?**

Because skin can be more sensitive to the sun when using AHA's, we recommend using this peel in the evening. It should be used on clean, dry skin, and before applying targeted treatments or moisturizers. It is recommended to wear SPF during the day.

## **How often can my client use Liquid Peel?**

Your client can use Liquid Peel up to 2-3 times per week.

## **What skin conditions benefit from use?**

Those with breakout-prone skin, hyperpigmentation, uneven skin tone, and rough skin texture can benefit from Liquid Peel.

## **Will my client's skin visibly peel?**

No, their skin should not visibly shed with the suggested use of Liquid Peel.

## **What give the peel its color and shimmer?**

To achieve the beautiful formula, a blend of natural colorants and mineral sourced ingredients are used. The blend includes Chinaberry Extract, Ivy Gourd Extract, Calcium Sodium Borosilicate, Silica, Titanium Dioxide (CI 77891), Tin Oxide (CI77861).
