feeling nervous about your assessment?

Our monthly livestreaming **Expert Prep** workshop is designed to alleviate those nerves. To book, complete all other workshops in the Expert Pathway. During this workshop, you'll need a model, camera, microphone, and product. It's a valuable opportunity to practice your **Pro Skin 60**, receive instructor feedback, and boost your confidence for the assessment.

Alternatively, we offer **Pro Skin Treatment** in-person at our Education Centers or via English livestreaming, a practical workshop that comprehensively covers all aspects of a **Pro Skin 60**. Just like the **Expert Prep** workshop, the livestreaming session will also require a model, camera, microphone, and product.
