1.0 US FL OZ / 30 mL

estimated number of uses

85 uses

futurecode booster

application

Smooth 1 dose over clean face and neck morning and night, either alone or mixed with another skin care product to boost your routine. May be used up to 4x/day.

using the auto-dropper:

Unscrew dropper top slowly, allowing 5 seconds for product to fill the dropper. Press the button to dispense. Replace top without pressing button again. Any unused product will automatically return to the bottle.

key ingredients**Longevity Renew Complex**

with Teprenone, Niacinamide, and Sunflower Sprout Extract supports NAD+ levels and natural skin repair for firmer, more even-toned skin.

Omni-Antioxidant Blend

with Acetyl Zingerone, Rosehip Oil, and Rosemary neutralizes multiple types of free radicals, helping reverse daily DNA-related damage and defend against visible skin aging.

A blend with **Tara Fruit Extract, Red Algae, and Soy Protein** helps shield skin against external aggressors and delivers an immediate firming effect, reducing the appearance of deepening lines.

Biomimetic Phospholipids

strengthen skin's barrier and boost absorption of active ingredients.

Saccharide Isomerate and multiple molecular weights of **Hyaluronic Acid** work together for deep hydration and long-lasting protection against moisture loss.

benefits / top retailing points

Supports skin's natural repair functions for firmer-looking, more even-toned skin

Replaces visible DNA-related damage with a revitalized, healthy-looking glow

Rebuilds the skin barrier to defend against environmental aggressors
