feeling nervous about your assessment?

Our monthly livestreaming **Expert Prep** workshop is designed to alleviate those nerves. During this workshop, you'll need a model, camera, microphone, and product. This provides our Specialists the opportunity to practice the **Pro Skin 60**, receive instructor feedback, and boost confidence for the assessment. Once the Expert Pathway is completed, this can be booked prior to your final Expert Assessment.

Alternatively, we offer **Pro Skin Treatment** in-person at our Education Centers or via English livestreaming, a practical workshop that comprehensively covers all aspects of a **Pro Skin 60**. Like the **Expert Prep** workshop, this livestreaming session will also require a model, camera, microphone, and product.
